**Subject: Front Street Redevelopment – Notice of Upcoming Demolition
City Planning Project ID: PL-000672-2019**

Dear Neighbor,

The Front Street Redevelopment project, approved by the City of Portland planning board, is moving to the next step of redevelopment of 50 units of obsolete public housing into 105 units of new apartments.

We are writing to inform you that **Phase 1** of Portland Housing Authority's (PHA's) Front Street public housing will begin demolition on or around November 17, 2020. Demolition duration will be approximately two months. After demolition, PHA will commence the Brownfields remediation of the soils on the site, then construct 60 new units of housing in four buildings.

The image below shows current conditions on the site and phasing of the project. For more information please visit the Portland Housing Development Corporation page on the PHA website at www.porthouse.org.

Sincerely,

A handwritten signature in black ink that reads "Jay Waterman".

Jay Waterman, Director of Real Estate Development
